THE REPORT welcomes manuscripts of OHIO material for proposed publication. All manuscripts should be sent to:

THE EDITOR, 4649 YARMOUTH LANE, YOUNGSTOWN, OH 44512

The manuscript should be typed on standard-sized paper and have the author's name on each page; the pages should be numbered. A cover letter, giving permission from the author to publish the material in THE REPORT, should accompany the manuscript.

When sending photocopies of original old manuscripts, such as handwritten Bible records, please send a typed transcript for us to work from; it is usually much clearer on the original in your possession than on a photocopy.

The types of records requested for publication include Bible records, Ohio county court records (marriages, deed abstracts, naturalizations, will abstracts or other), Ohio cemetery inscriptions (not alphabetized), "How-To" articles (the use of special collections, holdings of a particular repository, etc.), abstracts from Ohio newspapers, brief family genealogies with Ohio connections (fully documented) and other material of an unusual but useful nature. The Editor makes the final decision on material to be published. Following publication, all original material is placed in the Ohio Genealogical Society Library in Mansfield. Every effort is made to present authentic material, but the Ohio Genealogical Society cannot be responsible for the accuracy or the publishing rights of the material furnished by contributors. All material is published with the permission of the contributor.

THE OHIO GENEALOGICAL SOCIETY is a non-profit, federally tax-exempt, State-Chartered organization. Individuals, libraries or societies may apply for membership. Annual dues are $19.00 for individuals and $25.00 for joint members at the same address, for the calendar year. Life membership is $300, and joint life membership is $350. All members receive the quarterly journal, THE REPORT, and the monthly NEWSLETTER with membership.

MAILING: All issues are mailed directly from Mansfield, and any problems you may experience with delivery, or changes of address, must be directed to the Ohio Genealogical Society in Mansfield, not to the Editor.

ANCESTOR CHARTS
If you wish to have your 5-generation ancestor chart considered for publication, send a copy to Mrs. Luetta Coates, 12477 U. S. Route 422, Southington, OH 44470. Charts submitted to OGS Headquarters are NOT sent to THE REPORT for publication. These are two separate projects. Only the charts of MEMBERS will be published, in the order received.

BOOK NOTICE POLICY
Books which are currently in-print and available for sale will be noted in THE REPORT upon receipt of a gratis copy donated to the OGS Library. It is our policy to publish brief notices, not critical reviews. All books must be sent DIRECTLY to OGS Library, with complete ordering instructions and price. All other materials donated to the Library will be listed in the Accession List in the NEWSLETTER.

SCOTT-ANDERSON CEMETERY. RECOVERY TP.. MERCER COUNTY

Judith A. Bretz*

The Old Scott-Anderson Cemetery, located north of Fort Recovery, was destroyed in 1976. The people who tore it up copied the enclosed names and dates at that time, and they do match up with the readings I took in 1974. This cemetery was in very bad condition in 1974, and the stones have now disappeared. There is an old pioneer cemetery in the town of Ft. Recovery where some of the stones could have been placed, but no one seems to know where they have gone.

MICHAEL SHAFER OF PENNSYLVANIA AND KNOX COUNTY, OHIO

Leo H. Garman, C.G.*

Knox County, Ohio, Probate Record E (1845-48), pp. 257-262, consists of an inventory dated 29 Dec 1847 of the personal property in the estate of Michael Shaffer (sic) who died intestate. Among the documents listed are ten "bookkeeping records" (I shall call them) such as these:

Margaret Miller, Dr.		John Shaffer, Dr.	
To Michael Shaffer		To Michael Shaffer	
A.D. 1814, Sept 15th		To one mare	$40.00
To one bed & bedding	$12.00	one saddle	16.00
one cow	10.00	one gun	8.00
one sheep	1.00	Amount	$64.00
one sheep	1.00		
Amount	$25.00 (sic)		

The ten bookkeeping records were for the following people, with dates (few had dates) and total amounts as indicated:

Mary Welker	A.D. 1806	$29.00
Katharine Shultz	A.D. 1810	31.00
Sarah Meeks	A.D. 1812, Sept. 9	29.00
Margaret Miller	A.D. 1814, Sept. 15	25.00
Henry Shaffer	A.D. 1822	108.00
John Shaffer		64.00
Rhoda Dial		26.00
Benjn. Shaffer		38.00
Lydia McMahan		26.00
Solomon Shaffer		30.00

Some observations are noteworthy. The men are all named Shaffer, while the women have various surnames. The items listed for the men were guns, horses, saddles, and in one case, cash. For the women it was beds and bedding, spinning wheels and sheep.

After studying the bookkeeping records for a few minutes, the writer formed the hypothesis that the people listed were some or all of the children of Michael Shafer/-Shaffer, and that not only had he given them all wedding presents, but also the old boy had kept track of the specific gifts and their respective values. Later on in the research process it turned out that the hypothesis was correct, and that only one child who grew to adulthood had been omitted from the bookkeeping records: Michael Shafer, Jr.

Knox County marriage records[1] showed that Henry Shafer did indeed marry in 1822 (Polly Richardson on 28 Feb); and the War of 1812 pension file for Andrew Miller,[2] obtained from the National Archives, contained a document[2] showing his marriage to Margaret Shafer, 15 Sep 1814 (identical to the date in the bookkeeping records). This was considerable encouragement for the hypothesis that the bookkeeping records documented marriages of Michael Shafer's children.

A study of deeds granted to and by Michael Shafer in Knox County indicated that he died owning a parcel of real estate known as Lot 26, 1st quarter, 6th township, Range 11. A couple of deeds came to the writer's attention, dated after Michael Shafer's death, and signed by people who apparently were children of Michael. The idea began to form that since Michael died intestate his real estate would have been deemed to pass automatically to his children, perhaps subject to whatever dower rights the widow had. The children probably eventually disposed of their respective interests in the property, so that they no doubt executed deeds for Lot 26.

A search was undertaken for the children's deeds to Lot 26, and after a surprisingly short time they were all found! Deeds were executed by 7 children and 16 grandchildren (with spouses, as applicable) of Michael Shafer, from 1848 to 1854, covering Lot 26. There was also one deed executed by the Sheriff in satisfaction of a judgment against Henry Shafer, a son of Michael, covering his interest. From the context of the deeds it was apparent that the 16 grandchildren stood in the places of their parents -- three deceased children of Michael Shafer. In most cases the deeds set forth the fractional ownership being conveyed--- i.e., 1/11 in the case of a child, and a combination fraction, such as 1/3 of 1/11, in the case of a grandchild. Altogether, these deeds provided an excellent "roll call" of the 11 children of Michael Shafer who lived to adulthood, including three who died before 1848, as well as the 16 children of the three deceased children. Since it was (and still is) customary for a spouse to sign the deed when his or her wife or husband is disposing of property, the deeds also provided the names of the male spouses and the Christian names of the females. Each deed showed as grantee either William Hartman or John Tish, but the writer did not investigate what the Messrs. Hartman and Tish did with the property.

In addition to providing the "roll call" referred to above, the deeds also disclosed the residences of the respective grantors at the time of signing--viz., "John Shafer & Rebecca Shafer, wife of the said John Shafer, of the County of Logan and State of Ohio..." Because of their considerable significance the deeds are summarized in Table 1.

Indications from 1850 census records are that Michael migrated from Pennsylvania to Ohio during the early 1800's, with a possible stay, at some point, in Maryland. I have been able to find seven of his children, of the eleven who survived to adulthood, in the 1850 census, of whom six were born in PA, 1785/1786 to 1807, and one in MD, in 1804. (The eighth child who survived Michael, Sarah, died in May 1850, just before the census was taken.) One of his sons was married in Ohio in 1812, and subsequently there is considerable evidence of Michael's Ohio residence.

It appears that Michael Shafer was born in about 1762. The 1820 census for Ohio, Knox County, shows his age at 45+[3], meaning he was born in or before 1775. In 1830 he was in the 60-70 age bracket[4], and in 1840, the 70-80 age bracket[5] both indicating he was born between 1760 and 1770. His first child, Mary, was born in 1785 or 1786, so assuming him to have been 23 or 24 years old at that time, we are using 1762 as his approximate birth year.

There is a biographical sketch of Michael's daughter Margaret Miller in Knox County, Ohio, Its Past and Present, by N.N.Hill, Jr.[6] It states that she was born in Northampton Co., PA, 29 Nov 1793, moved to Somerset Co., PA in 1795, and subsequently moved to Knox County, Ohio in 1810. She married Andrew Miller in Knox County in 1814. While it must be recognized that county history biographies frequently are constructed from family legends and faulty memories, the facts in this one that were verifiable elsewhere have been so verified, and the circumstances indicate that Margaret, herself, was the informant. Consequently, the writer tentatively accepted the Northampton Co./Somerset Co., information as good clues.

In the 1800 federal census for Somerset County, PA, there is one Michael Shaffer (sic) listing. It is for Londonderry Township[7]. Rather amazingly, the head counts in the various age brackets match exactly the ages, actual and in two cases estimated, of the Michael Shafer children known to have been living in 1800, as follows:

	Males	Females
To 10	(2) Henry, 5 Jly 1800 Michael, 24 or 25 Dec 1794	(3) Rhoda, 1798 (estimated) Margaret, 29 Nov 1793 Sarah, 1 Oct 1791
10-16	(1) Benjamin, 1788 (estimated)	(2) Catharine, 29 Jne 1789 Mary, 23 Oct 1785 or 23 Mar 1786
16-26	(0)	(0)
26-45	(1) Michael (father), 1762 (estimated)	(1) Christianna (wife) (?) 2 Jne 1766
45+	(0)	(0)

The same census also shows John Shaffer, Sr., John Shaffer, Adam Shaffer and F.John Shaver, as well as Paul Welker and Jacob Schultz, all in Londonderry Township. (The census tabulation is alphabetical, so proximity of names is meaningless.) Two tax lists for Londonderry Township for the year 1800 show these same names, except for Adam Shaffer and Jacob Shultz, and except that F.John Shaver is listed on one as John Frederick Shaver and on the other as John Shaver[9]. Only two of the Shaffer/Shaver men in the census are in the appropriate age bracket (45+) to have been Michael's father--John Shaffer, Sr., and Adam Shaffer. With that thought, Somerset County wills and estates were checked up to 1830. There was no Adam Shafer/Shaffer. There was a will and estate for a John Shaffer in the year 1827[10], but no Michael listed among his heirs. Deed records as well as church baptismal and marriage records were also checked, but with no entries for Michael Shafer or his children.

The significance of finding the name Paul Welker in Londonderry Township is that he was most probably the father of Jacob Welker who married Michael Shafer's daughter, Mary, in 1805[11], and of course the residence of the two families in Londonderry Township is circumstantial support for the identification of Michael Shaffer as the one who went to Knox County, Ohio. Michael's daughter, Catharine, married a Jacob Shultz in 1810, and the one shown in the 1800 census may or may not be related. (Londonderry Township was in Bedford County until 1800, at which time it was transferred to Somerset County, and the name was changed to Southampton Townsnip. One of the two tax lists referred to was a listing of the 90 heads of household in the township at the time of transfer[12].)

Michael Shafer may have migrated with his family from Northampton County, as the county history sketch suggests, but it has not been possible to identify him there. Research uncovered records of several men of that name in Northampton, all in Macungie and Weisenberg Townships (which are now part of Lehigh County), but after exhaustive, futile efforts the project was discontinued.

1 MICHAEL[1] SHAFER was married to Christianna F., who probably was his first or second wife. She died 22 Dec 1832, at Knox Co., Ohio, 66y 6m 20d[13], indicating a birth date of 2 June 1766. Christianna possibly was the mother of at least the last eight children of Michael, since (as will be shown later) three children, Sarah born 1791, Michael (Jr.) born 1794 and Rhoda born about 1797, named daughters Christiann/Christiana/Christianna. Michael married again, in his old age, Dicy Ann Lock, 29 Sep 1842, at Knox County, OH[14]. She was born in Virginia in 1774 or 1775[15], and died at Knox Co., OH, 11 Feb 1857[16]. Michael[1] Shafer died at Knox Co., OH, probably in 1847; as mentioned earlier, his estate was inventoried 29 Dec 1847. His grave has not been found.

Michael[1] Shafer had 11 children who have been identified:

2 i Mary Shafer, b 23 Oct 1765 or 23 Mar 1786[17,18], by calculation, in PA[19]; d 28 Jly 1854, Bartholomew Co., IN[20]. She married Jacob Welker, probably in 1806[21], probably in PA. He was b 27 or 28 Jly 1785[22], by calculation, in PA[23]. Mary joined Jacob in signing a deed at Knox Co., OH, 21 Feb 1853, and on 8 Nov 1853 Jacob Welker (alone) executed a deed for land in Knox Co., OH, but was "of Bartholomew County, Indiana"[24], suggesting that the move to Indiana was in 1853. There is no good evidence identifying their children, but the 1850 census[25] shows them living near Jackson Welker, age 24, and family, and John and Harriet Tish, age 29, & family. Harriet's maiden name was Welker[26].

+3 ii Benjamin Shafer, b say 1788.
+4 iii Catherine Shafer, b 29 Jne 1789.
+5 iv Sarah Shafer, b 1 Oct 1791.

He b 15 Dec 1783, Washington Co., PA[31,32], d 7 Feb 1873, Knox Co., OH[33]. In his will written 10 Oct 1863[34] Andrew mentioned siblings, nieces and nephews, but no children, and Letters of Administration issued in Margaret's estate in 1881 state that she left no children or grandchildren[35].

+8 vii Rhoda Shafer, b say 1797.

+12 xi Solomon Shafer, b 26 or 28 Feb 1807.

3 BENJAMIN[2] SHAFER (Michael[1]) probably was born about 1788 in Pennsylvania. He died before 28 May 1849 when two of his children signed deeds for his share of Lot 26 (Table 1), and he may have died as early as about 1820, inasmuch as his last (third) child was born in 1817 or 1818. He married Nancy, or Anna, Smith, 21 or 23 Apr 1812 at Knox County, Ohio[36].

Children of Benjamin Shafer were: [Table 1]

13 i Elizabeth Shafer, b 20 Mar 1813 at Knox Co., OH; d 11 Dec 1876, Bartholomew Co., IN[37]; m Peter Davis (1808-1883), 19 Nov 1829, at Knox Co., OH[38].
14 ii Rebecca Shafer, b c1814[39], OH; m David Cole, 3 Jan 1832, Knox Co., OH[40]. They lived in Hardin Co., OH, as early as 1 Jly 1842 when son William was born there[41], and were there in 1850[42].
15 iii Benjamin Shafer, b 1817 or 1818, OH[43]; m Rachel Hardin, 20 Aug 1840, Knox Co., OH[44]. They were in Bartholomew Co., IN, at least from 28 May 1849 (Table 1), through the 1850 census.

4 CATHARINE[2] SHAFER (Michael[1]) was born 29 Jne 1789 (calculated), probably in Pennsylvania. She died 18 Sep 1843 at Knox County, OH[45]. She married Jacob Shultz in 1810 (see tabulation of "Bookkeeping records"), probably in Pennsylvania. He was born in Pennsylvania, probably in 1787 or 1788, although his tombstone shows his age at death in Knox County, Ohio (13 Nov 1863) to have been 82 years, 1 month[46], which would indicate birth in October 1781. Nevertheless, the 1860 census[47] showed him as age 72 and the 1850 census[48] showed age 62, auguring for the 1787/88 date. An interesting bit of evidence supporting the later birthdate for Jacob Shultz relates to the fact that he married secondly Elizabeth Coleman, 10 Mar 1844, at Knox County[49], and that they had 6 children. The youngest, Rebecca, was 5 years old in 1860, i.e., born about 1855 when, according to the censuses, Jacob was about 67, but according to the tombstone was about 74. The writer tends to feel the age on the tombstone is in error. The 1863 date of death for Jacob Shultz is verified by the fact that papers were filed for his estate in Nov and Dec 1863[50].

Children of Jacob & Catharine (Shafer) Shultz were:[Table 1]

16 i Emanuel Shultz, b 1811 or 1812, PA[51]; m Susan Rice, 29 Sep 1833, Knox Co., OH[52].
17 ii Rosannah Shultz, b 4 Jan 1812 (calculation)[53], PA[54], d 8 Oct 1882, Delaware County, OH[55]; m James Freshwater, 13 Dec 1832, Knox Co., OH[56].
18 iii Simon Shultz, b 28 Jan 1816 (calculation); d 3 Apr 1837, Knox Co., OH[57].

(It appears that the next two children listed were twins, but their birthdates are shown to be 5 days apart; obviously, one or both are slightly in error. Mary Ann's comes from a tombstone listing[58] (not a calculation); Benjamin's is calculated from his death record[59].)

19 iv Mary Ann Shultz, b 8 (sic) Jne 1818, OH[60]; d 10 Oct 1891, Knox Co OH[61]; m John Delong (1811-1859), 20 Apr 1834, Knox Co OH[62].
20 v Benjamin Shultz, b 3 (sic) Jne 1818 (calculation), Knox Co., OH; d 5 Mar 1892, Delaware Co., OH[63]; m Melinda Freshwater, 22 Jan 1843, Delaware Co., OH[64].
21 vi Jacob Shultz, b 1822 (calculation)[65], OH[66]; d 27 Dec 1851[67]; m (1) Elizabeth Rice, 22 Oct 1846, Knox Co., OH[68], (2) Mary Withrow, 30 Aug 1849, Knox Co., OH[69].
22 vii Elijah Shultz, b 1824 or 1825, OH[70]; m Harriet Catharine _____ (Table 1). They were in Franklin Co., OH in 1850.

8 RHODA[2] SHAFER (Michael[1]) probably was born about 1797. She died most probably before 1830, since she was not enumerated with her husband in that census[162]; her last child was born in 1826 or 1827. She married Philip Dial, probably c1816 (first child b 3 Mar 1817). Philip Dial was born c1792[163] in Pennsylvania[164]. She was born in Pennsylvania in 1805 and died in Ohio before 1832[179]. He married secondly, Nancy Feazel, 5 Jan 1832 at Knox Co., OH[180]. 10 JOHN[2] SHAFER (Michael[1]) was born in 1802 or 1803 in Pennsylvania[202]. His last known residence was in Logan Co., OH, in the 1850's, although Letters of Administration issued in the estate of his sister, Margaret Miller, in 1881, indicated he "died in the West"[203]. He married Rebecca Smith, 24 Jly 1825 at Knox Co., OH[204]. She was born in 1804 or 1805, in Ohio[205]. John Shafer and his family moved from Knox County to Delaware County, OH, in 1838[206], and moved to Logan County in the late 1840's. The 1850 census shows John and Rebecca in Logan County, with children: Jacob, Melvina, Michael, Lydia, Smith J., Marvin and Henry V.[207]. (Daughters Elizabeth and Mary were listed with their respective husbands in 1850 in Delaware County[208].) The 1881 Letters of Administration mentioned earlier show Elizabeth, Mary and Lydia as children of John Shafer, and indicate that others are "unknown". There is collateral evidence that Elizabeth and Mary were daughters of John and Rebecca. The 1860 census for Delaware County shows three of John and Rebecca Shafer's children (probably the three then living youngest ones) living with their older sister, Elizabeth (Shafer) Webster and her husband[209]. This may indicate that John and Rebecca were, or at least Rebecca was, dead by 1860.

Children of John & Rebecca (Smith) Shafer were:

58 i Elizabeth Shafer, b 23 Apr 1826, Mt.Vernon, OH; d 22 Jan 1890, Clarinda, IA; m Freeborn Webster (1816-1875), 20 Jan 1842, Delaware Co., OH[210].

61 iv Michael Shafer, b 1829 or 1830, OH[217]; d 18 Aug 1858, Logan Co., OH, at the County Home[218]. The 1850 census showed him to be an "idiot."

He moved from Delaware Co., OH to Clarinda, IA, in about 1870, and from there to CA in the 1890's[224].

65 viii Martha E. Shafer, b Mar 1843, d 17 Apr 1843, Delaware Co., OH[225].

66 ix Marvin T. Shafer, b May 1844, OH, d 16 Jly 1860, Delaware Co., OH[226].

67 x Henry V. Shafer, b 1846 or 1847, OH[227].

11 LYDIA[2] SHAFER (Michael[1]) probably was born 13 Nov 1804, which is calculated from a tombstone inscription indicating she was aged 70 years, 16 days, when she died at Knox Co., OH, 29 Nov 1874[228]. An inscription on her tombstone shows her having been born in Maryland, which agrees with census information. However, it may be that she was born in what is now Somerset County, PA, and that the "Maryland" information was derived from the fact that at the time there may have been a border dispute between Pennsylvania and Maryland[229]. She married first, Thomas McMahan, 19 May 1822 at Knox County[230]. He was born in 1797 or 1798 and died 18 Sep 1838 at Knox County[231]. Lydia married secondly, Robert S. 84 vii Erastus Shafer, b prob. 29 Jly 1841, Ohio. Although a paper in his Civil War pension file[293] and his newspaper obituary[294] both state that he was born 29 Jly 1840, this is not consistent with the birthdate of Dicy Ann, shown above, which in turn cannot consistently be changed to a year earlier date. On the other hand, the 1850 census[295] shows his age as 8, which would support the date of 29 Jly 1841, not 1840. He d 9 Apr 1907 at

O.G.S. ESSAY CONTEST: AN INNOVATIVE PIONEER

by Ann R. Faller, 3055 St.Anthony Rd., Celina OH 45822

On September 26, 1842[1], my great-great-great grandfather, IRVIN YORK, was born to JEMIMA WARD & NICHOLAS SLADE YORK.[2] He was a strong and influential man at that time. He learned the virtue of labor and value of perseverance early as a result of living during a time which lacked today's conveniences and demanded hard work.

His father, Nicholas, was one of the early settlers of the township which today bears his name.[3] The strugglers and hardships connected with the clearing of the land and the establishing of a home made Nicholas strong-willed. Having experienced pioneer life, Irvin's mother was industrious, sturdy and resolute in character. Irvin learned these traits, essential for success during that time, from his parents.

Irvin's family valued education, and this gave him the incentive to excel in his York Township school.[4] Though his schooling only advanced through the fifth grade, his interest in learning continued throughout his life.

Irvin also had responsibilities after school. Among his many chores were assisting in the hoeing and harvesting of vegetables for his mother and sister to preserve. During the winter months he and his father chopped wood to stack in the old ash woodbox near the house.[5]

The chore of hog butchering was long awaited and enjoyed. The family, including his aunts and uncles, gathered to complete this task. Irvin would rise early in the morning to finish his chores so he could use the rest of the day to help with the hog butchering. Preparations for this included setting up large kettles and starting an early fire to provide searing hot water to scald the hogs. After the hogs had been killed and scalded, he would help the men process the meat. One of his jobs was to cut the fat from the red meat. The fat was cooked in a rendering kettle for lard, and the red meat was ground for sausage. After the women cleaned the entrails and soaked them in salt water, it was time to stuff the sausage. Irvin's job was to turn the handle on the sausage stuffer. When the lard had been cooked, he helped run it through the press. To him nothing tasted better than warm cracklings.[6]

On April 24, 1864, he was united in marriage to SARAH ANN WINBIGLER.[7] Her parents, SAMUEL AND ANNA MARIAH WEAVER WINBIGLER,[8] were early settlers in the area. The community of Brock, Ohio, was laid out in lots off the Winbigler farm.[9] To Irvin and Sarah were born three children: Charles Franklin, George Seymore and Daisy Louellen.[10]

In 1872, the family was increased by two nephews, Peter and Elijah York, who had been orphaned by the untimely death of their parents.[11] The relationship of Irvin York to his nephews was the same as to his own children. Even after the nephews married and had families of their own, they were always included in the family social activities.

Irvin and his father had become quite knowledgeable about the raising and breeding of Devon cattle. These animals were an ideal breed for the virgin land since they were excellent foragers and thrived on rough pastures. The cattle were an extremely hardy breed and could be fattened or milked on grass alone.[12] As Irvin improved his herd of Devon cattle he began showing them at international livestock shows in several of the large cities across the country.[13] To transport the cattle and equipment to the exhibitions a railroad boxcar was rented. The hay, straw, and other equipment were transferred to a wagon from the boxcar.[14] The Yohey brothers, hired hands, helped Irvin and his sons ready the cattle for the trip and provided assistance at the show.[15] The men would take food, bedding and personal items along so they could sleep with the cattle in the boxcar.[16] These fine animals brought great satisfaction to Irvin. In 1892 his Devon cow "Sis" won second place in her class at a livestock show in Detroit, Michigan.[17]

Irvin's great interest in fruit trees led him to be one of the first in his area to do tree grafting, a form of mixing tree breeds to produce different types of fruit. One pear tree bore three kinds of pears, and a sheepnose apple tree produced five different varieties of apples. Peach trees, his specialty, had their own section of the orchard, and berries of all kinds bordered the garden.[18]

After the death of his wife's parents, Irvin purchased the Winbigler homestead.[19] His granddaughter still reminisces about the beautiful kerosene chandeliers, accented with prisms, that he purchased for the home. These chandeliers were designed with a counter-balance weight so they could retract from the ceiling to be lit.[20]

While attending international livestock shows and the World Exposition, Irvin was always impressed with new ideas that would make life easier and more convenient on the farm. Irvin updated the house by installing a wood and coal furnace in the basement and heat registers in each room. This heated the entirety of the brick home. A primitive water system, by our standards today, was used on the farm. A wind pump was the point from which the water began to flow. By changing the lever on the wind pump, water could be diverted to the barn, to the well, or to the dwelling. Because the house was 150 feet from the well, pipe was laid to carry the water to the back proch and stored in a metal tank that had a wooden box built around it with a hinged lid.[21] The lid was necessary to keep the water from being contaminated. The tank was equipped with an overflow pipe. In the event someone forgot to throw the lever at the pump, the water would spill-over into a drain tile.[22] This was one of the first farms to boast these modern conveniences in the late nineteenth century.

On one of his trips Irvin was impressed with the parrots that he had seen for sale. Two of them had especially captured his interest, and he decided to purchase them. He and his family patiently worked with the red-headed and green-headed birds trying to persuade them to talk. Of the two, the red-headed one would not talk, but only made a loud squawk and because of this lost her home. The entertainer was the green-headed one which they lovingly named Polly. Polly would rattle on in her cage, "Polly wants a cracker," and called two of Irvin's granddaughters by their names of Esther and Carol. Many guests were startled when they knocked on the door at the York home and heard Polly's loud reply, "Come in."[23] Polly was usually fed birdseed, but on the days that the York family sat down to dine on pancakes, Polly would rattle her large cage until they would share.[24] Irvin's granddaughters and great grandchildren still cherish the memory of Polly the parrot. Polly was sold at a public auction in 1943 by Irvin's daughter when she was retiring from the farm and moving to Ansonia. Polly would have been approximately 45 years old at this time.[25]

One of the fondest memories Irvin's granddaughter has is of the fishing pond. In the woods there was a shallow place into which a ditch emptied. Irvin had his farmhands dig the area deeper using slip-scoops which were pulled by horses. When the pond was completed, he had it stocked with fish. In the evening he would gather his eight grandchildren, who all lived within one-half mile, and using lanterns they would go fishing. He loved to tell them tall tales and stories. His granddaughter recalls the fish they caught were very small, but to her the time spent with her grandfather is something she will always treasure.[26]

For about twenty-three years Irvin York was a very active member of the Board of Directors of the Darke County Agricultural Society.[27] The influence of his wise and honest judgment helped Darke County's agriculture progress. He was always ready to advance a new idea or assist the Society in bettering the conditions of agriculture even if it meant using his own means and resources.[28]

In August 1909, Irvin became ill with a disease that affected him both psychologically and physically. Medical help was sought in a private sanitarium in Dayton.[29] After a short time Irvin returned home to his family. On an early February morning Daisy Martin, Irvin's daughter, saw her father running across the field to the fish pond. Suspecting Irvin's intent to drown himself, she sent her husband, Billy Martin, immediately to retrieve him.[30]

Irvin's brother Joseph, a widower, came to live with the family and to watch over Irvin. Upon arising on March 28, 1910, Irvin told his brother he was going to the watershed. Evidently he did not stop there, but went to the barn. Here he went to the opposite end and entered the large corn crib which was out of sight. When his brother, Joseph, realized that Irvin had fooled him he summoned the family.[31]

O.G.S. ESSAY CONTEST: AN INNOVATIVE PIONEER

After much searching his daughter Daisy found him hanging from a rafter in the corn crib. From all appearances he had climbed the ladder, fastened part of the cord to the rafter, made a loop around his neck, and kicked the ladder from under his feet.[32] Daisy never got over the shock of finding her father.[33]

Irvin's body was laid to rest in the Brock Cemetery,[34] which at one time was part of the York farm.[35] Also entombed in the Brock Cemetery are the remains of Annie Oakley and her husband Frank Butler, acquaintances of Irvin.

I am proud to be a descendant of Irvin York. He was a respectful, loving man who had the insight to take hold of his opportunity to make a better life for his family. The many hardships he endured have made me more aware of the emotional strength and love my great-great-great grandfather possessed, and helped me to appreciate the pioneer life he led.

On June 24, 1812, a subscription list was circulated for the purpose of "extending the circulation" of the Independent Press, now publishing in the Town of Lancaster, Fairfield County, (Ohio)." A list of the various subscribers, the majority of whom signed their own names, follows a description of the newspaper and its principles. A column following the names is headed "place of residence," but doesn't always contain a residence. MILITARY HISTORY OF OHIO: PORTAGE COUNTY EDITION

Following the Civil War, the H.H.Hardesty Publishing Co. of New York prepared volumes titled MILITARY HISTORY OF OHIO, with special editions for the various counties, most published in 1886 and 1887. The first part of each volume is generally the same, covering the history and primary battles of the Civil War. The back section of each volume goes into detail about the men who enlisted from each county, with details about their service.

At the present time, it is unknown if volumes were published for every Ohio county. The following list shows those editions which are known to exist, and where located. The abbreviations are: OHS (Ohio Historical Society; WPL (Warren-Trumbull Co. Public Library); YSU (Youngstown State University). If other volumes exist in other collections, the editor would appreciate being advised of their locations.

ALLEN	OHS	HARDIN	OHS	MORGAN	OHS

The Roll of Honor from Portage County is included here to show the type of information one might expect to find in these volumes.

ROLL OF HONOR

OF OHIO'S RANK AND FILE FROM PORTAGE COUNTY IN THE WAR OF THE REBELLION

EXPLANATORY NOTE.—So far as the most diligent and patient research could find the record, the following roster presents the name of every soldier who went out from this county in the war of 1861-5, and of present residents of the county who enlisted elsewhere. Where the town or township is not otherwise located, the enlistment was usually in Portage county, if in an Ohio regiment; where no rank is given, the soldier was mustered in as a private; where the soldier is credited with veteran service, the re-enlistment was into the same regiment and company, unless otherwise stated. Although, as our title indicates, this roster is mainly composed of the "Rank and File," who fought our battles and won our victories, it also includes general, field, line and staff officers, where any such belong to the county. The record of Ohio regiments in the field has been given in the preceding MILITARY HISTORY OF OHIO, and the children and children's children of the soldiers of the county have just cause for pride in connecting the names given in the local roster, by their regiments, with the history given on previous pages, of the achievements of these regiments. We have already presented a list of the battles and engagements of the war, and omit the roll of battles from the individual rosters. In preparing this book the publishers, while sparing no effort and no expense to make it a full and complete history of Ohio in the War of the Rebellion, devoting every page to the legitimate purposes of history, are yet aware that errors may have inadvertently crept in. They believe their patrons, realizing the magnitude of the work, will not be unduly censorious over any such errors. The book has grown beyond the limit originally intended, and it is believed the soldiers for whom it has been written will appreciate the result attained. The following is the key to the abbreviations used in the local roster:

SCHOFF CEMETERY, WHEELING TWP., GUERNSEY COUNTY: RECONSTRUCTED

Robert Barnes, Jr.*

This cemetery was located approximately 1/2 mile north of Birds Run, Wheeling Twp., Guernsey County, Ohio, and was destroyed in one of the feuds that took place back in the hills in an early day. The headstones were carried across the street and used for stepping stones around the house and well. This site is now in the flood plain of the Wills Creek water district. Just to the south of the location is a ditch which runs at right angles to the road. Some stones are to be found in the ditch.

MISKIMINS, HANNA YOUNG b 1760/70 d 1842	wife of David Miskimins Jr; mother of Potomic Jim

There is good reason to believe that some of the following people are also buried in this cemetery:

MISKIMINS, MARY (POLLY) b c1784 d c1849	wife of Joseph Miskimins
MISKIMINS, JOSEPH b 1784 d after 1850	last known at Peoria IL

MISKIMINS, LURIA b c1820 d 11 Nov 1845	possible daughter of Joseph Miskimins

One half mile further north along the railroad right of way lies the cemetery of the Nelson Miskimins family. A few years ago there was still a stone or two to be seen. Those who are probably buried there are as follows, but some of these could be in the Schoff Cemetery.

MISKIMINS, NELSON, b 27 July 1792 d 3 Apr 1859	son of David Miskimins Jr.
MISKIMINS, NANCY YOKE (no dates)	first wife of Nelson Miskimins
MISKIMINS, HARRISON d Nov 1839	son of Nelson who ran away

Two sources were used for these theories: A Memorial of the One Hundredth Anniversary of the Marriage of Philip Schoff and Elizabeth Ramsay by Eloise Walker Wilder in 1894. Additional research was done by the compiler who descends from Philip Schoff and Joseph Miskimins.

PIONEER OHIO NEWSPAPERS
1793-1810 and 1802-1818
Genealogical and Historical Abstracts
by Karen Mauer Green

These two volumes of abstracts of some of the earliest newspapers in Ohio include over 85,000 references to the early settlers of Ohio and the Northwest Territory. The entries are especially strong in the Cincinnati, Steubenville, Marietta and Chillicothe areas, but include news of residents from all the Ohio settlements. There are many entries from the following counties: Ross, Hamilton, Adams, Belmont, Butler, Champaign, Clermont, Franklin, Gallia, Highland, Jefferson, Montgomery, Muskingum, Scioto, Warren and Washington. The bulk of the information concerns ordinary people such as farmers, merchants and artisans, but prominent Ohioans are also well represented. There is no duplication of material from the first volume. The overlap in years is due to the inclusion of more early newspapers in the second volume. The books contain a wealth of information on these pioneers in the form of marriages, obituaries, elections, court records, probate records, early advertisements, heirs, apprentices, militia, land disputes, occupations, former residences, estate settlements, divorce, local events and disputes, military expeditions and much, much more. Each abstract contains enough information to explain the context of the advertisement or article. Complete indexes of persons, place-names and subjects are included in these hardcover books containing 745 pages of genealogical information. A special price is available for those purchasing both volumes, 1793-1810 and 1802-1818: You may have both volumes for $46.00 plus $2.25 shipping and handling, discounted from the full price of $55.50. Or buy either volume individually for $26.00 plus $1.75 shipping and handling. Texas residents should add 7% sales tax.
